Support SLA

Version 1

Effective: 2026-01-15

Response and resolution targets by priority.

P1 (platform outage): first response within 15 minutes, resolution target 4 hours.

P2 (degraded service): first response within 1 hour, resolution target 1 business day.

P3 (normal): first response within 1 business day, resolution target 5 business days.

Targets are measured from ticket creation in business hours unless the priority is P1.

Breaches are reviewed weekly by the Head of Operations.
